Ray of Hope Foundation
19 Holmes Avenue
Jersey City, New Jersey 07306

Dear Ray,

Please accept our school's heartfelt gratitude and appreciation of your Foundation's generosity and gracious spirit of giving. The holidays at A. Harry Moore have once again been enriched by the Ray of Hope. Deeni, Debbie, Sharon and Frank joyfully shared holiday songs, cheer and gifts with the students. Their visits are always a great pleasure. The generous gift we received will be used to purchase much needed multimedia equipment. As always, your gift will be put to very good use on behalf of students.

And, I must tell you, Wendy did an excellent job as a student teacher! She energetically and creatively designed several special events that provided enrichment and education for students throughout the building. She definitely has the talents and gifts to be a great teacher. You have good reason to be a very proud father!

Sincerely,

Judy Ortman
