Development Director  
Liberty Health Foundation

Dear Linda

The Center for Children with Special Needs would like to thank Ray and his assistants for providing wonderful toys during the holidays. Their efforts brought joy and excitement to our patients and siblings. Also many parents were very appreciative.

This Center assist families of low socio economic status to access quality health care. Twenty six percent of the children in Hudson County live below the poverty line (US Census 1999). Therefore, I am extremely grateful that this Center was selected by Liberty Health and Ray's Charity. Please wish them a healthy year on my behalf.

Sincerely,

  
Norma Altreche
