

**Lawrence County Board for the
Developmentally Disabled
Opening Doors Through Coordinating Services**

February 13, 2006

Attn: Deeni and
Ray of Hope Foundation

Dear Deeni and Ray of Hope Foundation,

It is difficult sometimes to put the words from within the heart on paper. This is written as an appreciation of who you are and what you do for families caring for children with medical challenges, and other developmental disabilities.

Thank you so much for assisting in our rural counties to help several families with meeting their needs. Thank you for providing diapers, wet wipes, an emergency telephone with minutes to a single mother and for working with me to create joy and smiles in the lives of those in need.

Thank you again for all the hope and joy you have given some families and for working in partnership with me to reach out to those in need. There will always be warm remembrance of your care and assistance throughout the moments and days ahead.

Sincerely and always,

Elaine Tillman
Resource Specialist
Wish Coordinator
