Dear Ray:

We have been very busy the last few weeks trying to decide the best way to spend the money you and your foundation so graciously gave to benefit our students. We have focused on upgrading our technology resources and have attached descriptions of our purchases. These items will be used by many of our students. They will enhance learning opportunities and will promote independence and self determination by increasing accessibility to many day to day conveniences.

Your gift will certainly have a very tangible and positive impact for many of our students. Your kindness and generosity continue to have a tremendous impact on all of us who come in contact with it. It is very encouraging to witness such thoughtfulness. On behalf of the staff and students of A. Harry Moore, I sincerely thank you.

Sincerely,

**Judy Ortman
